

BUCKS LAKE CAMPGROUND DIRECTIONS

We have two different directions depending on what type of directions person you are. One has pictures and details (very helpful especially for first time and if you have someone to read them to you while you're driving), we also have these directions that are less detailed if you prefer that. Maybe printing out both would be best.

- 1. Head to Quincy**
- 2. Turn RIGHT on Bucks Lake Road** (same road as the church)
- 3. Turn LEFT at the fork in the road** (going straight is steep and more curvy, we suggest to go left)
- 4. Turn RIGHT on BUCKLIN ROAD** (not Bucklin Dam Rd)
- 5. PASS THE DAM**
- 6. TAKE FIRST IMMEDIATE LEFT AFTER THE DAM**
- 7. Drive one mile, camp is on your RIGHT next to dumpsters.**

BUCKS LAKE CAMPGROUND DIRECTIONS

Drive to Quincy

Turn Right onto Bucks Lake Road

Speed limit will go up to 55 after Quincy.

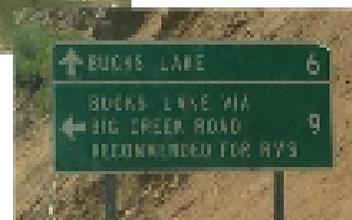

Then it will go down again going through Meadow Valley

After Meadow Valley, your speed will go back up.

You'll come to a fork in the road. Either way will get you there, but most people prefer turning left here (Lower Bucks).

Going straight is Upper Bucks.

After driving for a while, you will meet where the upper Bucks Lake turn takes you. You just keep going straight.

If you did take upper Bucks Lake, you'll turn right here.

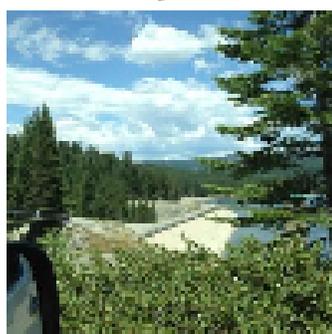

Here's the intersection if you took lower Bucks.

You make a right turn at your first road. Bucklin Rd. (not Bucklin Dam Rd.)

Now, you'll wind around the lake a bit. Once you pass the dam, you'll take your first, immediate, left turn. There's a sign that says "church camp" but it's hard to read because it's covered by bushes and on the left. The sign to the right isn't very clear either.

(dam on right)

(sketchy sign on right)

(hidden sign on left)

Drive one mile up and camp is on the right, where the dumpster is.
